

## About ClusterTech

ClusterTech Limited is a leading provider of advanced I.T. solution and consultancy in Asia Pacific. We specialise in helping our clients solve challenging computational problems and improve operational efficiency through customised solutions based on High Performance Computing (HPC), Artificial Intelligence (AI) and Analytics, Cloud, and Big Data Infrastructure.

Founded in 2000, Clustertech was Asia's first HPC solution provider. We have since extended domain expertise and made advances in computing technologies for financial engineering, business intelligence, environmental sciences, smart city and internet applications. With headquarters in Hong Kong Science Park and branch offices in China and Australia, we have served hundreds of companies and organisations worldwide, many of which are Fortune 500 companies. To date, we have 13 group members providing a wide range of consultancy services, with top-quality local support in Asia Pacific.

聯科集團 CLUSTERTECH ClusterTech Offices in China

## Milestones

2018   2014	ClusterTech became a Google Cloud Services Partner, and offers a wide range of AI and Machine Learning application services.
	ClusterTech Joined with Alibaba Cloud (Aliyun) to launch China's 1st Elastic High Performance Computing (E-HPC) platform.
	PRISMA won the Silver Award at the "Hong Kong ICT Awards", and the "Hong Kong Awards for Industries: Technological Achievement Certificate of Merit" in 2016.
2013   2008	Fengqi Asia received the "Hong Kong Awards for Industries: Technological Achievement Certificate of Merit", as a government public cloud services (GPCS) provider.
	AirHuXi, the first PM 2.5 level forecasting mobile app in China, was launched.
	CHES v2.0 was named "Excellent Software Product in China for 2009".
	ClusterTech was granted the "Chinese High-tech Enterprise Certification" in Mainland China.
2007   2004	Business expanded to Mainland China, Taiwan, United Kingdom, Canada, Australia and Singapore.
2003   2000	Founded in 2000, ClusterTech joined hands with the Chinese University of Hong Kong to establish the Center for Large-Scale Computation (CLC).

## Awards

## Products and Services

<h3>High Performance Computing (HPC)</h3> <p>Provide customised solutions based on sophisticated models and high-performance cluster software to increase computing capacity, accelerate application processing, and enhance the accuracy of forecasting, analysis and planning.</p>	<h4>Products</h4> <ul style="list-style-type: none"> <li>ClusterTech HPC Environment Software Stack (CHES)</li> <li>CTY-Air Quality System</li> <li>ClusterTech Parallel File System</li> </ul>
<h3>Artificial Intelligence (AI) &amp; Analytics</h3> <p>Help our clients perform business analytics, data mining and predictive analysis to uncover valuable business insights, reduce operational cost and make better business decisions through AI and analytics.</p>	<h4>Products</h4> <ul style="list-style-type: none"> <li>Chatbot</li> <li>Crisis Intelligence</li> <li>Knowledge Management</li> <li>Social Listener</li> <li>Google Cloud Platform AI &amp; Machine Learning Application Services</li> </ul>
<h3>Cloud</h3> <p>Offer private, public, and hybrid cloud computing solutions, with 24x7 local support, to help our clients utilise cloud resources the way they want, provide scalable services and gain a competitive advantage in the marketplace.</p>	<h4>Products</h4> <ul style="list-style-type: none"> <li>Fengqi Asia</li> <li>ClusterTech Cloud Management Platform (CCMP)</li> </ul>
<h3>Big Data Infrastructure</h3> <p>Construct customised big data infrastructures to help our clients handle and store huge amounts of data, and thereby expand enterprise database, increase operational efficiency and discover new business opportunities.</p>	<h4>Products</h4> <ul style="list-style-type: none"> <li>ClusterTech CRM Platform</li> <li>ClusterTech Data Asset Management (DAM) Platform</li> <li>ClusterTech Big Data Analytics Platform</li> </ul>

## Work at ClusterTech

We joined ClusterTech – for an exciting yet secure career future; for a meaningful endeavour and for our personal and professional development.

“Although I had limited exposure to software development at college, **good mentorship** in ClusterTech has helped me adapt to the new field and become productive. It is amazing that I can now design good Web UIs with little supervision only after 3 months of careful guidance.”

**Chris Tang**  
Senior Software Engineer  
Joined us in 2014

BEng in Electronic and Information Engineering, PolyU

“ClusterTech's products cover a wide range of technologies. Compared with my experiences at Apple Inc. and PwC, I am challenged with more intriguing problems that allow me to improve swiftly and give me **greater sense of accomplishment.**”

**Angelos Ching**  
Senior System Engineer  
Joined us in 2014

BEng in Information Engineering, CUHK

“I have been given many opportunities to use my creativity and analytical skills to bring value to our clients. **The experiences in management and technical knowledge** I have gained from my work keep me competitive. ClusterTech also helped me advance to my current position very quickly.”

**Ada Yung**  
Principal Scientist  
Joined us in 2010  
MPhil in Computational Fluid Dynamics, HKU;  
BSc in Mathematics (Major) and Computer Science (Minor), HKU

“ClusterTech entrusts me **to take leadership roles in solution design and development.** I solve customers' problems in major projects and, unlike start-ups, ClusterTech provides abundant resources for me to extend my skill set and reach my full potential. Our well constructed project management process allows me to work ultra efficiently.”

**Emprise Chan**  
Software Architect  
Joined us in 2013

MPhil in Computer Science, HKUST;  
BSc in Computer Science & Mathematics, HKUST

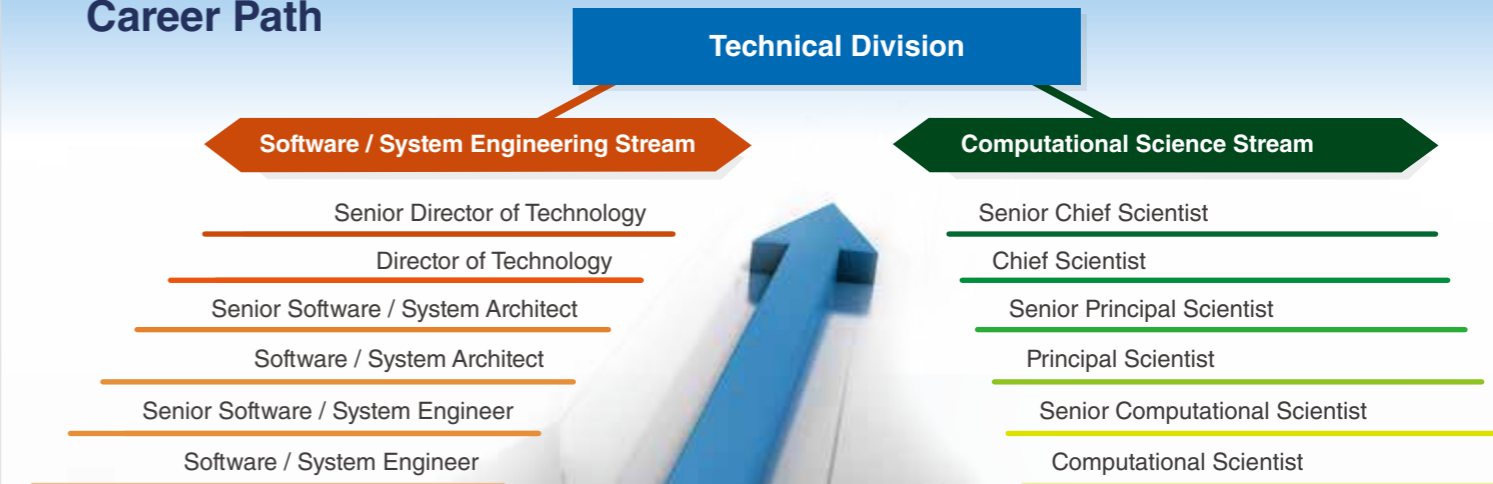

“Clustertech allows me to get involved with projects that interest me most. Being exposed to projects for a variety of fields, including retail, news, and law, has **greatly broadened my horizons.** Experienced colleagues are helpful in quickly improving my AI-related skills.”

**Dr. Liz Lin**  
Computational Scientist  
Joined us in 2018

PhD in Mechanical and Biomedical Engineering, City U;  
BSc in Material Processing Engineering, Jilin University

## Career Path

## Life at ClusterTech

**“Enabling our colleagues to achieve more in life and become better people is the first priority of our company!”**  
~ Dr WM Suen, Founder and CEO

**“We enjoy sharing ways of overcoming challenges. We inspire one another by sharing views on methodology and design techniques on our TechCorner forum.”**  
~ Lee Yiu Chung, Senior System Engineer, joined us in 2011

**“At ClusterTech, we are encouraged to learn from one another. The many opportunities to improve myself and others keep me motivated. The weekly badminton night is a great way to end a day of hard work.”**  
~ Kiki Ng, Computational Scientist, joined us in 2016

**“ClusterTech's location by a bicycle track allows me to cycle to work every day. The exercise I obtained from cycling gives me the energy to deal with challenges at work.”**  
~ Eric Leung, System Architect, joined us in 2010

**“ClusterTech advocates family harmony. I'm so touched by them allowing me to relocate to Beijing office to accompany my fiancé who found a job there.”**  
~ Clotho Tsang, Project Manager, joined us in 2005

**Apply now!**
