Dear Student,

Just as in growing up, life has different stages. You have been through kindergarten, primary school, high school and now you are in university. You're probably thinking getting a job is the next step right? Well, that actually is not 100% accurate. The next step of your life is in fact having a CAREER. Many young people like you have commonly made the mistake of ticking boxes and dotting i's.

As your second home and university, we do not want you to go into the next phase of your life misguided. A career is a wholesome experience which determines the type of future you are building for yourself as a young adult. Complete the Universum CareerTest to find out what kind of career profile you have and to also think about the type of employers you would like to work for. Your completion of the CareerTest also helps us better align our career services and university offering to you more.

In addition to an analysis of your career profile, upon completion of the survey you will also receive a CV check plus a chance to win Pacific Coffee \$25 cash voucher. If you have any questions please contact: [questions@careertest.universumglobal.com](mailto:questions@careertest.universumglobal.com). **Click the image below to complete the CareerTest.**
