The poster features a central illustration of a glowing, multi-colored staircase (purple, blue, green, red) leading upwards against a dark blue, starry background. Several stylized human figures are shown on the stairs: one sitting at the bottom with a briefcase, two standing on a higher step talking, and two more at the top. To the left of the stairs is a large, glowing blue leaf-like shape. To the right are various circular icons: a blue briefcase, a 5G signal icon, a DNA double helix, and an atom symbol. A flag on a pole is visible at the top of the stairs.
